ANASTASIIA DRACHUK

SOFTWARE DEVELOPER

SUMMARY

I'm a Junior Software Developer with a solid foundation in modern web technologies, including JavaScript, TypeScript, React, and Node.js. I'm currently expanding my skill set by practicing GraphQL and exploring ReactNative, and LLM.

Hiring me means adding a collaborative team player with a strong grasp of UX principles and Agile methodologies. Before transitioning into development, I built my career in QA, working for more than 8 years across Fintech, MedTech, and Cybersecurity — including at global companies like [Rakuten](#) and [Zeiss](#).

Personal Portfolio

[Web](#) | [GitHub](#)

A web-app that describes my professional path. Built with Next.js and TailwindCSS.

Pet Project - BagPack (WIP) [Web](#) | [GitHub](#) | [Notion](#)

A web-app that helps to plan trips. Built with Next.js (App Router) and MUI.

WORK EXPERIENCE (Latest)

ApexTech - Junior Fullstack Developer

February 2025 - current time

- Developing a web application in the Travel-Tech domain, working both on the back-end and front-end.
- Common tools: Bitbucket, Figma, Jest.
- FE: TypeScript, React, Next.js, Styled Components, MUI.
- BE: TypeScript, GraphQL, AWS, Salesforce, Algolia.

CGS-Team - Internship

December 2024 - February 2025

- Implementing BE using TS + NestJS + Prisma.
- Implementing FE using TS + ReactNative + Zustand.

Elif-Tech - Internship

October - December 2024

- Working on BE (TS + Express.) and FE (TS + Next.js + Zustand).
- Creating mockup in Figma, for Tailwind and DaisyUI.

Rakuten - General QA Engineer

2021 - 2023

- Web, mobile and API testing, helping in processes setup.
- Participating in TDD of the backend.

Achievement:

- Was on the annual top performers list in 2022.
